

# **LSU Sport-Soc and Rag-Action-Media Sub-Committees**

**Version 1.0**

**Written October 2011**

**James Carroll Chair of Council 2011-2012**

## **Introduction**

Union Council has a long standing tradition of active sub-committees with vocal, articulate students who work to better the way the Union provides for all students.

Some, particularly the student facing sections, are not included in any of these sub-committees leaving the Student Voice absent at the strategic level.

## **Body**

In an attempt to increase the Student Voice at this strategic level and engaging a wider range of students in shaping their Union, it is suggested that two new sub-committees are formed:

- Sport-Soc Sub-Committee
- Rag-Action-Media Sub-Committee

Both committees will include

- 6 councillors, which will ideally represent a range of the volunteers from each of the Sections
- The Executive Sabbatical Officer for the relevant Sections
- The Chair of Council
- The Vice Chair of Council

These new Sub-Committees will be filled by the incoming Councillors at the 2<sup>nd</sup> Union Council of the first term.

The aim of these Sub-Committees will be to consider long-term strategic direction for each Section, recommending to Council plans which they feel should remain a priority of the position for longer than one term of office. They shall meet twice per academic term to discuss these issues and will report to council following each meeting.
